Consign or Volunteer and Shop Early!

What is a Children's Consignment Sale?

It is a large sale where consignors bring their quality, gently used child and baby items to sell. We supply the location and supplies needed for the sale. We do all of the organizing, advertising, displaying and selling of the items for our consignors. It is a great place for families to recycle their children's clothing and items that they have outgrown and then buy what is needed for their children now.
